Rippingale and Dowsby Neighbourhood Plan. Development of the Plan continues. The current state of the Plan was promulgated at a drop-in session at the Village Hall on 7th August with Steering Group members taking some residents through the progress made so far. The Group will take account of feedback made. The Steering Group continues to work on formulating policies which will form the basis of the Neighbourhood Plan. The Plan, when approved, will be the document on which future planning decisions will be based and influence development proposals. The latest meeting of the Steering Group was on 28th August. If you wish to contribute to this process in anyway please contact me or contact Mike Hallas, the Project Manager, via mike.hallas@btinternet.com.

Neighbourhood Watch has launched a landmark new survey to understand the impact of cybercrime on communities across England and Wales. Traditionally Neighbourhood Watch has been focused on keeping people safe in the places they live but with the advent of new technology, it's clear people can be at their most vulnerable when they occupy online spaces.

Action Fraud, the national fraud and cybercrime reporting centre run by the City of London Police, revealed that last year cybercrime victims lost £28m to online criminals. It reports more than 12,000 cases of cybercrime every six months. With the threat from online criminals only ever increasing, it is essential to understand the impact this type of crime has on members of the public as well as their understanding and perception of cybercrime. The survey, designed in conjunction with cybersecurity company Avast, takes just 10 minutes to complete and one lucky responder will be in with a chance to win £50 worth of Marks and Spencer vouchers. The survey can be completed via the following link: https://www.surveymonkey.co.uk/r/nw_cybercrime

Report of faults. Parts of the Village's open spaces and the Churchyard are maintained by South Kesteven District Council, which covers Sands Court, Dovecote, Scarborough Close and the flood lagoon on Station Road/Miller's Close. This includes grass cutting and hedge trimming. If you have any comments to make on these aspects, in the first instance it is more effective to contact SKDC direct via:
